

NSB041

Non-Sparking Mechanical Adjustable Torque Click Wrenches with Window Scale and Fixed Ratchet Head in Copper Beryllium

PRODUCT DETAILS

- Made of copper beryllium
- Large dual scale in N.m/ft.lb
- Reversible ratchet head allowing clockwise operation only
- Micrometer and main scale for adjustment
- Sturdy plastic handle with a nice positive lock which engages or disengages clearly
- Good positive audible engagement and the wrench always returns to home after each test

- Accurate to $\pm 6\%$ of reading
- Ratchet with 24-45 teeth and easy-change direction lever on top of the head
- Supplied with a declaration of conformity traceable to international standards
- All in individual rigid case for maximum protection and storage
- Non-sparking (NS) tools designed for use in potentially explosive environments, where conventional steel tools may produce sparks
- Non-magnetic and highly corrosion resistant
