

DS 2500

ESD solder dispenser

ESD Solder dispenser with guiding tube that keeps the working area tidy and reduces solder waste. It is possible to add a second reel using the optional device DS-2500-AB. The slot on the back of the dispenser can hold several hand tools that might be useful while soldering (such as desoldering pump, tweezers, pliers or screwdrivers).

Coated with ESD powder.

Suitable for all gauges up to 2500 g with the following specifications:

- Max solder wire Ø 2mm
- Central roll hole Ø > 11mm.
- Max roll length 100mm
